BRAINERD, MINN., THURSDAY, JULY 29, 1909

Price Two Cents

## 3,000 SLAIN AND WOUNDED BY MOORS

**Spaniards Were Defeated in big Battle Outside Melilla on July 27th**

**MOORS CUT OFF COMMUNICATION**

**Men at Outposts Cut Off and Abandoned to Their Fate**

SPECIAL TO THE DISPATCH.

Madrid, July 29.—Official dispatches received here today admit that the battle between the Moorish Tribesmen and Spanish forces outside of Melilla on July 27th was a disastrous defeat. The Moors cut off all communications with Spanish outposts and main force. The Spaniards were driven back under the walls of the city, where the fighting continued desperately. The Spanish killed and wounded numbered almost 3,000 without taking into account the men at advance posts who were evidently abandoned to their fate. Melilla is full of wounded men.

**JEFFRIES POSTS FORFEIT**

**Johnson Declares Himself Ready to Cover the Money.**

New York, July 29.—Actual steps looking to a fight between James J. Jeffries and Jack Johnson for the heavyweight championship of the world were taken when Jeffries on his arrival from the West posted \$5,000 as a forfeit to bind a match with the negro pugilist for a fight of anywhere from twenty to a hundred rounds. Jeffries insists that the fight shall be held before the club offering the lar-

JACK JOHNSON.

gest purse and that when articles are signed an additional forfeit of \$5,000 shall be posted. The whole sum of \$20,000 is to go to the winner of the mill.

Jackson, Mich., July 29.—"I'll leave Chicago Monday night for New York and cover that forfeit," said Jack Johnson, the colored champion pugilist of the world, when shown a dispatch to the effect that Jeffries had posted a forfeit in New York of \$5,000 to fight Johnson and again place the honor of championship among the white race.

**Caught in the Undertow.**

Minneapolis, July 29.—Lawrence McDonald, twenty-three years old, was drowned in the Mississippi river here, a victim of the inviting cool waters when he sought relief from the humidity. After his work was done he decided to go swimming to cool off. He swam too far out and was sucked in by the undertow.

**Heat Kills Two Chicagoans.**

Chicago, July 29.—With the thermometer at 90 degrees, the highest record of the summer, Chicago sweltered through a day and night of oppressive heat, which caused two deaths and numerous prostrations, and drove thousands to the parks, bathing beaches and lake resorts.

**Law of Attraction.**

The attractions of men to women and women to men are full of the most perplexing inconsistencies and contradictions imaginable. It is, for instance, a physical law that magnetism is not simple attraction of one thing for another, but the difference of two opposing forces of attraction and repulsion, of which the former is the greater. The same law holds in relation to the attraction of men and women for each other, in which, as a rule, the masculine is the superior force.—T. P.'s London Weekly.

## THAW ON STAND FOR SIX HOURS

**Shows No Sign of Insanity and Testifies Calmly.**

**DELVES INTO LIFE HISTORY**

District Attorney Jerome Pute the Defendant Through a Severe Examination, Though the Utmost Good Nature Prevailed on the Part of Both—Witness Shows Strong Desire to Shield His Wife's Name.

White Plains, N. Y., July 29.—For six hours Harry K. Thaw occupied the witness stand while District Attorney Jerome, the man who twice tried to send him to prison and who once already has thwarted an effort to release him from a criminal insane asylum, delved into his life history. Thaw emerged creditably from the ordeal and showed no signs of insanity on the stand.

Thaw, the members of his family and his retinue of attorneys and experts are unanimous in their opinion that he has proved his fitness to be at large. His friends believe that if he acquits himself as well in the fu-

HARRY K. THAW.

ture Justice Mills will have no choice but to grant his application for release from Matteawan.

**Thaw Frequently Smiles.**

Neither Thaw nor the New York district attorney displayed anything but the utmost good nature. Frequently the dialogue resembled the chat of friends. Sometimes Thaw thought he had scored a point and smiled with the keenest enjoyment. The smile was always reflected on the face of his white haired mother. Before he took the stand Thaw kissed her and frequently at critical moments shot a reassuring glance in her direction.

Jerome strove to establish Thaw's insanity, mainly on his alleged hallucinations regarding Stanford White's treatment of young girls. Time and again he asked the witness' own opinion of his mental state. Thaw's replies in substance were "I have always been sane, medically. When I killed White I may have been legally insane for a few minutes. I am sane now."

Thaw explained the evidence of his alienists at the trial by saying that declaring him insane they had been misled. They were told, he said, that the charges he made against White were untrue and they inferred that the charges must be delusions.

Three years' confinement does not seem to have embittered Thaw. He expressed regret for certain of the more unspeakable charges which he made in his will against the man he killed. Although frequently quoted in the past as not regretting his deed he declared he

**Sometimes Felt Regret.**

although any feelings of remorse and horror were diminished, he added, by the strain of the continued legal squabbling of the past three years.

At times the witness scored on the district attorney so palpably that the whole courtroom joined in his smile of triumph. Nothing pleased him more than the chance to correct Jerome on some minor detail of the evidence of past legal proceedings, which he had at his tongue's end.

Thaw's mood was not always jovial. One line of questions that made him knit his brows had to do with his relations with Evelyn Nesbit before their marriage. Although it has been alleged that Thaw has broken with his wife and that she is aiding the opposition he showed a strong desire to shield her name. The young woman herself arrived in the courtroom during this part of the examination and rewarded her husband's evident consideration for her feelings with several radiant smiles. At the same time Thaw showed strong reluc-

**Its Our Special**

You have heard of our "Special" before, it is not a new thing with us at all, but we want you to take special notice of them. Our skirts that we have displayed in our East window are the "Specials". They are never on a sale but are always saleable at the one price... **\$5.98**

Notice the trimmings of buttons and satin bands, the same that you would find on a much more expensive skirt. Get one and give it a real test and there will be no doubt in our minds but that you will be satisfied.

**Special \$5.98.**

## Coming, the Round-Up. Watch!

### FOREIGN SHIPPERS GET BULK OF TRADE

**Alleged Discrimination in Isthmian Carrying Trade.**

**REOPENS "HAY RATE CASE"**  
Western Shippers and Buyers Win Hard Fight.

Sandusky, O., July 29.—Western shippers and buyers were victorious in their fight for the reopening before the interstate commerce commission of the "hay rate case" at the convention of the National Hay Dealers' association at Cedar Point. The Eastern commission men desired to permit the case to remain closed.

President Maurice Nelzer notified the interstate commerce commission of their action.

Thirty-three railroad agents and traffic managers were requested to give up their seats among the delegates, but were permitted to remain in the convention hall.

**Armless, but Useful.**

Professor Karl Lohmeyer of Konigsberg, who died at Danzig at the age of seventy-seven, was born without arms. A special permit was granted to allow his entry into the university service. His students opened and shut doors for him, but he turned the pages of books with his mouth and could sign his name firmly with a pen held between his teeth.

Washington, July 29.—That a report was made to President Taft declaring that American shippers are being discriminated against in favor of French and English and German shippers in carrying supplies to the isthmus of Panama is the report current, although no official verification was obtainable. The report, it is said, was made by Bernard M. Baker, president of the Baltimore Trust and Guarantee company, who was sent to Panama by the president for the purpose of investigating shipping conditions.

Mr. Baker went to San Francisco some time ago with the intention, it is said, of organizing there a steamship line between that port and the isthmus. It was while engaged in this undertaking that he discovered evidence which led him to believe that American shippers were not receiving their share of carrying to Panama. Coming to Washington he made a verbal report of the matter to the president, who, it is said, asked him to go to Panama to investigate.

The only clothing worn by a tribe of Brazilian Indians who inhabit an island at the mouth of the Amazon river is a sort of earthenware apron.

**Indiana Miners Resume Work.**  
Terre Haute, Ind., July 29.—After an agreement to refer points in dispute to National President T. L. Lewis District President Rollins ordered 600 miners to return to work at once. The strike, inaugurated one month ago, was due to a dispute over handling slate.

### RESULTS ON THE DIAMOND

**National League.**

At Pittsburgh, 6; Cincinnati, 3.  
At Philadelphia, 0; Brooklyn, 4.  
At Boston, 4; New York, 7.

Clear and cooler.

**LOCAL NEWS NOTES**

Weeks repairs guns. 307 6th S.  
Miss Celia McGuire left last night for  
Pingree, N. D.  
T. G. Butler was down from Pequot  
between trains.  
Awnings! Awnings! at D. M. Clark  
& Co. 234tf  
Miss Ethel Parker came down from  
Parkerville today noon.  
Miss May Jones came in from Hubert  
today after a brief visit at the Downie  
cottage.  
J. A. Long, of Walker, was in the  
city yesterday enroute home from the  
twin cities.  
Ice cream and fruits at the Refresh-  
ment Tent. 46tf  
Ole Erickson returned to Deerwood  
this morning after a visit with his fam-  
ily for a few days.  
Dean Wilson returned this morning  
from a three weeks trip to Washing-  
ton, Oregon and Montana.  
Misses Maud and Lillian Hage came  
from Deerwood today to visit Miss  
Ruth Moody and take in the carnival.  
Miss Bess Mulrine went to Minne-  
apolis this afternoon to visit her sister  
Mrs. J. B. McLane for about a month.  
Orne sells rugs on easy payments at  
the Singer store. 25tf  
E. W. Boppel and Dr. Werner Hem-  
stead went to Staples today noon on  
business. They expect to return home  
tonight, coming via Little Falls.  
Weeks repairs Bicycles. 307 6th S. tf  
Mrs. Blitz, wife of the manager of  
the Little Russian Prince, left today  
for Stillwater to make arrangements  
for his appearance there next week.  
New Superior Electric Sad Irons at  
Slipp-Gruenhagen Co. Only \$4.50. 44tf  
Misses Hilda Howe and Hilda Mun-  
son, of St. James, were in Brainerd to-  
day on their way home from Deerwood,  
where they have been visiting relatives.  
For a good investment BUY a Lot at  
Deerwood, Minn. For sale by J. H.  
Kreckelberg, 202 Citizens Bank Bldg.  
Phone 210. 13-tf  
Mrs. Moore, of Houghton, Mich., who  
has been visiting Mrs. J. T. Sanborn,  
at Hubert, came down today and left  
for her home this afternoon, going by  
boat from Duluth.  
D. M. Clark & Co.'s new stock to  
wall paper just arrived. Price 10c of  
35c double roll. 251tf  
The carnival is still drawing good  
crowds, the receipts of last evening be-  
ing about the same as on the preceding  
night. The Park Association has re-  
alized about \$350 so far this week.  
Store your stoves and household  
goods with D. M. Clark & Co. 151tf  
Mrs. Irma Hartley and Mrs. C. S. Haz-  
en left Tuesday night for Portland and  
other western points for a visit of sev-  
eral weeks. They will take in the ex-  
position at Seattle before returning.  
Will trade in cook and heating stoves,  
and furniture. E. J. Rohne. 45 1mo  
Misses Anna, May and Georgia  
Baily, of Valley City, N. D., stopped  
off today noon on their way home from  
a trip over the great lakes, to visit at  
the home of George Grewcox and family.  
Phone D. M. Clark & Co., to get  
your lawn mower repaired and sharp-  
ened. Satisfaction guaranteed. 251tf  
Mrs. Roy Butler and children returned  
today from Pequot, where they have  
been visiting at the home of his father,  
T. G. Butler, and will visit at the home  
her mother, Mrs. Anna C. Herrmann.  
Rohne repairs bicycles. 45 1mo  
Mrs. Carlson and children, of Du-  
luth, who have been spending some  
time at Merrifield, were guests at the  
home of Mr. and Mrs. R. P. Nelson  
today while on their way back to the  
Zenith city.  
Jacob Schmidt's bottle beer is deli-  
cious. We have the agency. Order  
case. Telephone 164 John Coates Liquor  
Co. tf  
Mr. and Mrs. Gussie Small and two  
children returned today from a visit  
with his parents, Mr. and Mrs. W. H.  
Onstine, at Pequot. The eldest daugh-  
ter remained over with its grand-par-  
ents at Pequot.  
Go to the Refreshment Tent for 3  
p. m. coffee. 46tf  
Mr. and Mrs. Geo. A. Ide, of Cres-  
ton, Iowa, who have been spending a  
few days at Walker, returned to Brainerd  
today for a further visit with their  
son, Dr. A. W. Ide, of the Northern  
Pacific hospital.  
W. N. Holbrook, who recently pur-  
chased the C. E. Carlson residence, at  
910 Sixth avenue Northeast, from Con

O'Brien and R. J. Hartley, is moving  
his family in from Neutral and will  
make his future residence in Brainerd.  
Mr. and Mrs. Geo. D. LaBar, Mrs. J.  
L. Fredericks and Miss Clara Small  
left this morning for a trip to Mack-  
inac Island. They will go from Duluth  
on the steamer Juniata and return on  
the steamer Tionesta. They expect to  
be absent about a week.  
D. M. Clark & Co. have a new method  
of putting rubber tires on go-carts. 251tf  
James Jerrard, of St. Cloud, is in the  
city this afternoon boosting for the St.  
Cloud Elks convention, which will be  
held August 12th and 13th. He states  
that the St. Cloud Elks have prepared  
one of the best programs yet offered to  
the antlered brethren and he would like  
to see all the brethren of 615 present  
on that day.  
We are making a very low price  
on Refrigerators to close out. Slipp-  
Gruenhagen Co. 44tf  
Mrs. Annie Rifenrath, 918 Fir street,  
is making extensive improvements in  
her residence. A new cellar is being  
excavated and foundation put in just  
south of the house, which will be  
moved onto the foundation when com-  
pleted. An addition will be erected  
and a porch put on. When the con-  
templated improvements are completed  
the place will be a decided ornament to  
the street.  
For a good cup of coffee and lunch  
go to Mrs. Billings' Refreshment Tent  
on 6th street. 46tf  
THE DISPATCH is in receipt of a let-  
ter from W. H. Schroer, of St. Paul,  
denying the statement in Saturday's  
Dispatch that he was married to Miss  
Anna Skon. The item, typewritten,  
upon Northern Pacific railway station-  
ery, was found by the reporter upon  
his type-writer, and he supposing it had  
been placed there by some member of  
the office force, inserted it without  
question. Inquiry since receipt of the  
letter fails to discover its origin.  
D. M. Clark & Co. the oldest install-  
ment house in the city. Goods sold  
on easy terms. 251tf  
S. H. Parker left last night for a two  
or three weeks visit in the west. He  
will go direct to Spokane, where he  
will visit his daughter Ruth and they will  
go up into British Columbia to visit a  
brother-in-law of Mr. Parker after  
which they will stop at Missoula, Mont.,  
on their way back to visit a brother of  
Sam's whom he has not seen for many  
years. This brother lives up in the  
mountains and when he wrote that he  
could catch rainbow trout in his door-  
yard and shoot deer from the door of  
his ranch house Sam could not resist  
his urgent invitation to come out.  
Buy a lot in Deerwood on the instal-  
ment plan. For terms see J. H.  
Kreckelberg, Citizens Bank Building.  
22tf

**REBUKE FOR BREWER.**  
Justice's Income Tax Views Utterly  
Absurd, Says Senator Brown.  
Characterizing as "utterly ridiculous,  
absurd and senseless" the statement ac-  
credited to Justice David J. Brewer of  
the supreme court of the United States  
in his recent Milwaukee speech to the  
effect that under a national income tax  
law states would be "taxed not only  
out of their existence, but out of their  
vitality," Senator Brown of Nebraska,  
author of the first resolution to refer  
the question to state legislatures, said  
the other day:  
"I cannot believe that the report  
contained in the morning papers is  
correct. It puts Justice Brewer in the  
position of contending that if the fed-  
eral government has the power to tax  
incomes such power will be taken  
away from the states. In no way, un-  
der no circumstances, would the pro-  
posed amendment to the constitution  
give the federal government power to  
tax any state out of either existence  
or vitality. The tax would be laid  
under the proposed amendment on the  
incomes of the citizens of all states  
for federal purposes alone, and the  
amendment would in no way with-  
draw from the states the power they  
already have to tax incomes for state  
and municipal purposes."  
Senator Brown said he thought there  
must have been some mistake in the  
report of the justice's speech.  
"In my judgment, every state in the  
Union will ratify the amendment at  
its first opportunity," continued the  
senator. "The present agitation all  
over the country looking to the calling  
of special sessions of the legislatures  
for the purpose of ratifying the amend-  
ment is conclusive evidence that the  
public minds are aroused upon the  
question and determined that congress  
shall have the power to lay and col-  
lect taxes on incomes."  
**Fishing in a Missouri House.**  
The unusual sport of catching fish  
in his own residence was the privilege  
of Jefferson Nichols of Butler, Mo.  
Nichols and his family were driven  
from their home by the recent flood.  
Returning to ascertain how much dam-  
age had been done, Nichols saw many  
fish swimming around in the down-  
stairs rooms, where the water was still  
more than a foot deep. He barricaded  
the doors and in less than an hour  
had caught more than 300 pounds of  
fish, which found a ready market, ow-  
ing to scarcity of fresh meat. One fish  
weighed thirty-two pounds.  
The anthracite coal production of  
the United States is confined to Penn-  
sylvania, Colorado, Rhode Island and  
New Mexico.

**PARADES OF PROGRESS**  
Northwest's Transformation to Be  
Shown at Irrigation Congress.  
INDIANS ARE TO PLAY ROLES.

Red Men From Spokane Reservation  
Will Be Led by Chief Jim Sam.  
March of Civilization to Be Depicted  
by Floats—Many Uniformed Men in  
the Line.  
Historic incidents, showing the  
transformation of the northwest from  
semisavagery to civilization, will be  
depicted in the parades of progress  
through the principal streets of Spo-  
kane, Wash., the afternoon of Aug. 10  
and the evening of Aug. 11, in connec-  
tion with the seventeenth session of  
the national irrigation congress, begin-  
ning Aug. 9 and continuing until  
Aug. 14.  
There will also be a march in review  
by the industrial and irrigation army  
the afternoon of Aug. 12, when it is  
expected 10,000 uniformed men will  
be in line. The evening parade will  
be illuminated. E. F. Cartier Van Dis-  
sel has been appointed grand marshal  
and will be assisted by a large staff of  
mounted aids.  
The parade, made up of several divi-  
sions, will be headed by a mounted  
band of music under the direction of  
William Ostermann, followed by In-  
dians of the Spokane tribe from the  
Spokane reservation, led by Chief Jim  
Sam, who was recently chosen suc-  
cessor to the late Oliver Lott. They  
will bring with them some of the tribal  
finery and gala day garb, also their  
best horses, and make camp near the  
city. The squaws will be accompanied  
by their children and papooses.  
**Lewis and Clark on Floats.**  
The advent of Captains Lewis and  
Clark and their faithful followers into  
the Clearwater country will be depic-  
ted by men in costumes of the period  
on a series of floats, followed by floats  
showing trappers and traders in their  
garments of fur, carrying implements  
of their occupation. Then will come a  
number of floats bearing the early  
missionaries and Jesuit priests; also  
the hardy pioneers who made their  
way across the plains in the old fash-  
ioned prairie schooners, miners' pack  
trains, with grizzled prospectors carry-  
ing rifles, picks and pans, and a band  
of wild and woolly cowpunchers wear-  
ing wide brimmed sombreros, chaps  
and high heeled boots with clanking  
spurs.  
Another division will show the lum-  
bermen with axes and crosscut saws,  
loads of logs, finished lumber, shingles,  
sash and doors, followed by a magnif-  
icent display of farm machinery, in-  
cluding plows, drills, harvesters, head-  
ers and combines, with thirty-two  
horses attached to the latter, and loads  
of grain and flour bringing up the rear.  
**Science Bids the Desert Drink.**  
The third division will be headed by  
a float with the official emblem of the  
national irrigation congress showing  
Science bidding the Desert drink. This  
will be represented by two beautiful  
young women in classic garb posed in  
the shade of a bearing fruit tree. This  
representation is now to the irrigation  
congress, and it is predicted it will  
prove a big feature.  
Next in line will be floats of the dis-  
tricts in the northwest and other  
states, followed by exhibits of fruits  
and grasses of the various communi-  
ties on elaborately decorated vehicles,  
with flower and bunting covered car-  
riages, automobiles and smart traps  
and a large number of caparisoned  
saddle horses. It is expected that ev-  
ery district in the inland empire will  
be represented in this division of the  
parade; also that communities in New  
Mexico, Texas, Kansas, California,  
North Carolina, South Carolina, Flor-  
ida, Georgia, Missouri, New York, Illi-  
nois, Colorado and other states will  
participate in this event, which is de-  
signed to show the country's resources.  
The march in review of the indus-  
trial and irrigation army will show  
representatives of every district in  
which irrigation is practiced on the  
continent. Practically every marching  
club will be headed by its band of  
music. The parade will begin immedi-  
ately after the close of the afternoon  
session on Aug. 12, and the plan is to  
have each district distinguished from  
the other by uniform or headdress.  
This will afford opportunities to the  
various marching clubs to bring their  
communities directly to the attention  
of thousands of delegates and visitors  
from the eastern, middle western and  
southern states.  
**Many Marching Clubs Expected.**  
"We expect to have with us march-  
ing clubs from the irrigated and dry  
farming districts in Idaho, Oregon,  
Montana and Washington," said Mr.  
Van Dissel, "also from California,  
Wyoming, Utah, North and South Da-  
kota, Colorado, Nevada, Arizona, Kan-  
sas, Texas, Oklahoma and other states  
in the middle west, east and south, as  
well as from the provinces of British  
Columbia, Alberta, Manitoba and Sas-  
katchewan."  
"The decorations and illuminations  
of the principal thoroughfares by a  
special committee headed by Harry J.  
Neely, president of the 150,000 club of  
Spokane, will be the most pretentious  
yet undertaken anywhere in the north-  
west."—Spokane (Wash.) Spokesman-  
Review.

**Football For German Army.**  
Emperor William has directed that  
football be included in the German mil-  
itary exercises. The kaiser is reported  
as saying that football as played in  
the United States and England is fine  
training in temper as well as body.

**White Bros.**  
**T. L. Blood's Paints**  
Are the best. Berry Bros. Var-  
nishes and Floor Finishes are  
Leaders. Gypsine wall Finish can-  
not be beat. We have them all.  
Also a full line of sporting  
goods and fishing tackle.

**616 Laurel St. Brainerd, Minn.**

**MEETING OF PRESIDENTS.**  
How Taft and Diaz Will Exchange  
Visits in the Fall.  
Instead of shaking hands across a  
painted boundary on the bridge at El  
Paso next September, President Taft  
and President Diaz will exchange vis-  
its, the former crossing into Mexico  
and the latter setting foot on the soil  
of the United States. The state de-  
partment is making arrangements for  
the meeting.  
It will take place during President  
Taft's western trip some time after  
Sept. 15, for it will be necessary for  
the Mexican president to obtain the  
permission of the Mexican congress,  
which meets on that date, to leave his  
country.  
With President Taft neither prece-  
dent nor law is involved. Up to 1906  
no president of the United States had  
occasion to visit foreign countries, but  
President Roosevelt found it necessary  
to inspect the Panama canal and dur-  
ing that trip not only steamed out  
beyond the three mile limit of contin-  
ental jurisdiction and set foot on the  
soil of the canal zone, which is really  
American territory, but crossed with-  
out blinking an eye into the republic  
of Panama, which is distinctly foreign.  
The first idea in connection with the  
meeting of the two presidents at El  
Paso was that they should greet each  
other at the middle of the bridge at  
El Paso, but Mr. Taft's common sense,  
as well as a desire to make the affair  
an unusual demonstration of friend-  
ship, would not accept this.  
It is now planned that President  
Diaz shall first call upon President  
Taft in El Paso and that Mr. Taft  
shall then cross into Mexico to return  
the courtesy. It will be the first time  
a United States and Mexican president  
have met. The Mexican town opposite  
El Paso is Ciudad Juarez.

**SADDLE HORSE MEN TO MEET.**  
Missourians Plan to Make the State a  
World Leader in Horses.  
"To promote the interest of the Mis-  
souri saddle horse" is the motto of the  
Missouri Saddle Horse Breeders' as-  
sociation, organized May 15 last. The  
first annual meeting of the organiza-  
tion will be held in Mexico, Audrain  
county, Aug. 25, the second day of  
the county fair, says a Columbia (Mo.)  
dispatch. This organization already  
has 115 members, mostly from the  
counties of Boone, Howard and Au-  
drain, which produce the finest saddle  
horses in the world.  
Dr. R. E. Graham, Columbia, is pres-  
ident; Judge Alexander Carter, Mex-  
ico, is vice president; Rufus Jackson,  
Mexico, is secretary, and W. P. Haw-  
kins, Bowling Green, is treasurer. It  
is the purpose of the association to  
publish a bimonthly magazine de-  
voted to saddle horse interests and  
topics.  
The reputation of Kentucky for the  
production of saddle horses is about  
to be outstripped by Missouri, many  
of whose settlers were originally from  
Kentucky. As this state produces more  
blue grass than does Kentucky, just  
so it will produce more registered sad-  
dle horses.

**Farm Work by Moonlight.**  
E. L. Richards, who lives on the  
Owens bottom farm, northeast of  
Lebo, Kan., used the fine moonlight  
nights recently in preference to the  
daytime. The days were so unbear-  
ably hot that Mr. Richards slept and let  
his horses rest in daytime and culti-  
vated corn at night. In this way he  
missed the extreme hot weather.  
"Bring me some of the roast beef of  
old England," said the breezy Amer-  
ican tourist in London.  
"Ere you hare, sir," said the waiter  
a few minutes later; "this his hold  
Hengland beef, sir; right from Kan-  
sas City, sir. Hanythink more, sir?"—  
Philadelphia Ledger.

**Nerves at  
High Tension**  
Slight extra strain means collapse—  
Restoration obtained by using DR.  
A. W. CHASE'S NERVE PILLS  
The successful men and women are  
often of the high-strung nervous  
type—keen and active—but with too  
little reserve force.  
A little extra worry and anxiety and  
snap goes the nervous system. Weeks  
and months are often required before  
energy and vigor are regained.  
Rest helps, so does fresh air and  
exercise, but the blood must also be  
made rich and red by use of Dr. A.  
W. Chase's Nerve Pills.  
Mrs. P. G. Haines, Rossburg, Oregon,  
states: "Dr. A. W. Chase's Nerve  
Pills have done me a great deal of good  
in building up the nervous system. For  
over twenty years I suffered with my  
nerves, and doctored with several doc-  
tors. I can say that I have received  
more benefit from these pills than from  
all other medicines taken. I have  
gained nine pounds in weight."  
Dr. A. W. Chase's Nerve Pills, 50 cts.  
a box, all dealers or Dr. A. W. Chase  
Medicine Co., Buffalo, N. Y. Portrait  
and signature of A. W. Chase, M. D., on  
every box.

**H. P. Dunn, Druggist**

**Singer Sewing Machines,**  
the acknowledged leader of "Sewing  
Machine Society", sold on \$2.00 month-  
ly payments.  
**Simple-Strong-Silent-Speedy  
Needles, Oil and Repairs.**  
**SINGER SEWING MACHINE COMPANY**  
**W. S. Orne, Representative.**  
**716 Laurel Street.**  
**Brainerd, Minn.**

**CHI-NAMEL**

We are much pleased with the good  
words we have had from our cus-  
tomers who have used Chi-Namel.  
It has fulfilled all our expectations,  
in other words "It has made good"  
—for inside or outside floors or any  
kind of woodwork it is there to  
stay. If you have not yet done so  
try some of this and be convinced.

**217-219 Seventh St. South.**

## FRANK M. CAUGHEY DIED LAST NIGHT

Prominent Citizen of Daggett  
Brook Died in Local Hospi-  
tal From Apoplexy

## TO BE BURIED HERE FRIDAY

Remains of Peter M. Thorgaard  
Brought From Mohall, N.  
D., for Burial

Frank M. Caughey, one of the most prominent citizens of the town of Daggett Brook, Crow Wing county, died suddenly at a local hospital last night from a stroke of apoplexy. Mr. Caughey had been suffering from sciatica for some time but of late had been much better and it was hoped that he would regain his usual health. A few days ago, he commenced to have stubborn bleeding spells from the nose and ear, but they had been gotten under control. Shortly after supper, Wednesday night, a blood vessel in the brain gave way and he became unconscious, dying in a few hours. He was 66 years of age and leaves a widow and ten children to mourn his loss. The funeral will be at the First Methodist church, in this city on Friday afternoon at 2 o'clock, conducted by Rev. Charles Fox Davis, and followed by interment in Evergreen cemetery.

Frank M. Caughey was born in New Brunswick, June 22, 1843, and when a small lad accompanied his parents to Maine, where he remained until 1873, when he removed to St. Cloud. There he resided for some years. He was married at St. Cloud, Dec. 26, 1876, to Miss Marion Russell. They moved a few years later to Royallton where they lived 14 years coming to the town of Daggett Brook where they have since resided, in the fall of 1898.

The children, all of whom, with Mrs. Caughey, were at the bedside when death came, are Mrs. Hester Thompson, of Long Lake; Miss Eva Caughey, of Spokane, Wash.; Walter Caughey, of Maple Grove; Maud Caughey, of Daggett Brook; Mrs. Agnes Henry, of Foley, Minn.; and Flora, Preston, Alma, Lauren and Eugene Caughey, who reside at the family home in Daggett Brook.

Mr. Caughey was an uncle of County Auditor F. J. Smart of this city, and of W. E. Smart, of Long Lake.

Peter M. Thorgaard, who formerly lived in East Brainerd, but who moved to Mohall, N. D., some years ago, arrived in the city this morning with the remains of his wife, Mrs. Carrie Thorgaard, who died July 26th from diabetes. The funeral took place this afternoon from Losey & Dean's undertaking parlors, followed by interment in Evergreen cemetery.

## FLAK NEWS

Olof Nelson and Rudolph Johnson returned home Sunday last after working on Mr. Wise's farm.

Miss Mary Arndt and Johnny Arndt moved in Brainerd Tuesday last.

Miss Mary Hanson is working for M. Rardin.

Herman Bergerman was a caller at Wicks Sunday last.

Miss Lena Butala and Katie Butala are spending a couple of weeks with their father out on the farm.

There was a dance in Dickinson hall Saturday evening. All reported a fine time.

## TO HAVE SECOND BANK

Cuyuna State Bank to be Established  
at Deerwood by Twin City and  
Western Capital

Deerwood, the center of present activities on the Cuyuna iron range is to have a second state bank. It is to be known as the Cuyuna State Bank and will start out with \$15,000 capital stock. Henry I. Ernster, cashier of the Nelson State Bank, of Nelson, Minn., who will be the head of the new institution, was in Deerwood Saturday and completed arrangements to secure temporary quarters for the new concern. The bank is being organized in St. Paul and is said to have some heavy twin city and Minneapolis financiers back of it. It is given out that the bank will be ready for business some time in August in temporary quarters in the Deerwood hotel. The management has secured a lot in the First Addition and will erect a brick building thereon in the near future.

## TAFT STANDS OUT FOR LOWER RATES

SPECIAL TO THE DISPATCH.

Washington, D. C., July 29—As the result of an interview with members of the conference committee of the two houses of congress had with President Taft last night the president notified the conference committee in writing that he could not accept a rate exceeding \$1.25 on rough lumber and would insist on senate rate on gloves and hosiery.

Timothy and clover \$7.00 and \$8.00 per ton.	

## When Father Comes Home In Future.

"What is all that scratching, mother, up around the scuttle trap? Some one's fooling with the padlock. Sounds just like some burglar chap. Some one's walking on the shingles. And now, listen—some one fell. O-oh, I'm awful frightened, mother! Don't you think you'd better yell?"

"Hush, my child! It isn't burglars. Walking on the roof you hear. I have often heard the same sounds. That is but your father, dear. In his aeroplane returning from a session at the club. And he thinks that I won't hear him. Child, your pop's an awful dub."

"Thanks, I feel much better, mother. Now I know. But tell me, pray, when you watch him and you face him. What will my poor papa say? What excuses will he give you? How will he dismiss your frown? For, if I remember rightly, Business kept him late downtown."

"Well, my child, I am expecting. That he'll blame it on the plane—Wings were faulty or the motor Stopped up in the air again. But it's just the same old story. And there'll be an awful row. Listen till you hear me wailing him. Here's your papa coming now."  
—Atlanta Georgian and News.

## KNIGHTS ENTERTAIN HIGH OFFICIALS

White Cross Lodge No. 30, K. of  
P., Had Distinguished Vis-  
itors Wednesday Night

## BANQUET FOLLOWED MEETING

Supreme Chancellor and Three  
State Officials Formed Vis-  
iting Party

White Cross Lodge, No. 30, K. of P., entertained and was entertained by several of the high officers of the order Wednesday evening. The guests of honor were H. P. Brown, of Texas, supreme chancellor of the order; Frank F. Ellsworth, of St. James, grand chancellor of Minnesota; A. J. Stobard, St. Paul, major general of the Uniform Rank for the state of Minnesota; and Fred E. Wheaton, of Minneapolis, grand keeper of records and seal for the state. After a short business session of the lodge the members and visitors adjourned to the banquet hall adjoining the lodge room, where a banquet was spread. Following the banquet were short addresses by the visiting officials by Judge McGivern, of Staples, and by Col. C. D. Johnson, of this city. Hon. S. F. Alderman also favored the company with a couple of fine solos. The Brainerd concert band serenaded the visitors at Johnson's Pharmacy and afterwards played at the lodge room.

The visitors are on a tour of visits to the various lodges of the state and came from Staples on the afternoon train. They left on the 12:06 train for Bemidji, where they will visit the local lodge this evening. Several visiting brethren were present from Staples.

## KILLED HIS DAUGHTER

Man Living Near Park Rapids Used  
Outhouse for Rifle Target with  
Fatal Results

James Jerrard, the well known traveling man from St. Cloud, who was in Park Rapids yesterday tells of a sad tragedy which occurred there that morning. A man living in the country, whose name he could not learn, took his 22-calibre rifle and went out target practicing. He chose a knot hole in the walls of the out-house as his mark and the bullet passed through into the building killing his little daughter who was inside.

## Advertised Letters

Holden, Miss T.	Lummen, Hattie
Jacobson, Daniel	Virplast, Miss
	N. H. INGERSOLL, P. M.

## HORSESHOEING PALACE.

Atlantic City to Have Marble Building  
With Ornate Bellows and Forges.

To the many and varied attractions of Atlantic City, N. J., is to be added a marble blacksmith shop. The smith is Atlantic City's tax assessor as well as a horseshoer. The plans provide for a marble structure one and a half stories of gothic design, the floor to be on concrete with a rich border in mosaic.

In this smith de luxe the bellows and forges will be of artistic design and the horseshoer's four footed clients will be hitched by Russia leather straps with silver snap hooks. The anvils will be nickel plated, and so will the nails, and there will be handsomely furnished waiting rooms where patrons may rest and read the popular magazines while their horses are being shod.

The proprietor argues that if marble garages pay there's no good reason why a marble blacksmith shop shouldn't be profitable.

## PENSIONS FOR SPINSTERS.

Women Design Insurance Against Pov-  
erty Stricken Old Maidhood.

A band of philanthropic Boston women, headed by Mrs. Glendower Evans, who is associated with a dozen Boston clubs and other institutions, is about to present to members of the Massachusetts insurance commission plans for a combination bank and insurance company to provide pensions for spinsters who cannot or will not wed. By this plan they hope to eliminate many mercenary marriages, the worry of penniless spinsters about husbands and the endless jokes about old maids.

In a nutshell the plan is that a self supporting unmarried woman shall place aside regularly a sum out of her earnings, depositing it in the proposed bank, and at the age of fifty shall begin to receive an annuity therefrom.

"Does he always speak the truth?"  
"I think not. I notice that all his friends praise his judgment."—London Telegraph.

## SUCCESSOR ELECTED

E. C. Boeck Chosen Cashier of Ait-  
kin County State Bank to Suc-  
ceed J. B. Galernault

E. C. Boeck, of Aitkin, has been chosen to succeed J. B. Galernault as cashier of the Aitkin County State Bank. Mr. Galernault, was in Brainerd last night, or rather early this morning, enroute to St. Paul to assume his duties as state bank examiner.

## DWELLING HOUSE

State Fish Hatchery, Deerwood,  
Minn.

Notice is hereby given that sealed bids will be received by the undersigned at their office in the State Capitol St. Paul, until Saturday, Aug. 14, at 10 o'clock, A. M., for the construction of a dwelling house at the third state fish hatchery at Deerwood, Minnesota.

Plans and specifications may be seen at the office of the Commission or the Architect, E. S. Stebbins, Masonic Temple Minneapolis, and at the office of the Brainerd Dispatch. All bids must be accompanied by certified check for fifteen per cent of the total amount of the bid.

The right is reserved to reject any or all bids.

Signed,  
GAME AND FISH COMMISSION,  
By Carlos Avery,  
Executive Agent.  
Dated at St. Paul, July 28, 1909.

## DEERWOOD NOTES

Dr. Sewall was at Aitkin between  
trains Wednesday afternoon.

Cuyler Adams returned Wednesday  
from a business trip to Staples.

H. J. Hage went to McGregor Wed-  
nesday on business connected with the  
McGregor Mercantile Co., of that  
place.

There has been considerable sidewalk  
laid in the new addition to Deerwood  
and a walk from the old town to the  
new addition is in the course of con-  
struction.

Peter Brand has the contract for a  
portable house for the Duluth Diamond  
Drill Company. The building will be  
for housing the drills crews. It will be  
14x32 feet in size and will first be used  
near Rabbit Lake. It can be easily  
taken down and moved from place to  
place.

Herman Peterson has the glass front  
in his new building and will give a dance  
there Saturday evening. The hall  
seems to be in favor for dances, etc.

F. L. Tripp has his new real estate  
office completed and is now occupying  
it.

F. E. Oberg has been in Staples this  
week looking after the real estate in-  
terests of Oberg Bros. near that place.

Wm. Tudor, of Brainerd, is working  
as "straw boss" with the Northern Pa-  
cific grading crew.

The work on the new commercial  
siding being put in by the Northern Pa-  
cific railway, is nearing completion.  
The track is laid and ballasted and the  
roadway beside the track is now being  
graded.

The Dower Lumber company will  
commence work almost immediately on  
an office building and store house 16x50  
feet. The building will be located on  
the north end of H. J. Hage's lots,  
across the street from the Mahlum  
Lumber company.

H. M. Bradley left this week on his  
annual trip to Isle Royal, Lake Super-  
ior, to fish for lake trout. He spends  
some time there in that sport every  
year.

W. J. Walters went to Buhl, Minn.,  
Thursday last to be absent about two  
months. A. C. Dennis, of the Cuyuna  
Laboratory company, succeeds Mr.  
Walters as agent for the Pluto Powder  
Co.

The new shaft at the Rogers-Brown  
company's Rabbit Lake location, is now  
said to be down about ten feet as is  
being sunk rapidly.

Geo. W. Huss, chief engineer of the  
Cuyuna Range Railroad, was in the  
city from Aitkin on business Tuesday.

Mrs. F. B. Prince is here visiting her  
husband, who is employed with the en-  
gineers of the Cuyuna Range railroad.

A. H. Comstock and family, of Du-  
luth, are at their summer cottage at  
Reno lake. Mr. Comstock is one of the  
directors of the City National bank, of  
Duluth and a leading financier of that  
city.

Miss Simonds, of Milwaukee, is visit-  
ing at the home of Mr. and Mrs. P. A.  
Gough.

W. M. Hubbard, president of the  
Zenith Telephone Co. was in the city  
Monday on business.

Daniel Waite of Duluth, was trans-  
acting business in Deerwood Wednes-  
day.

Harry Scar, of Proctor, was in Deer-  
wood Tuesday transacting business.

O. S. Beck, H. Seavey, O. Proden  
and M. Peak, of Aitkin, were in Deer-  
wood on Monday on business.

Mr. G. Coughlin, of Minneapolis, is  
rusticating at Deerwood this week.

L. Knutson and A. C. Brunner, of  
Brainerd, came over Wednesday after-

Wheat Cakes  
Corn Cakes—  
Griddle Cakes  
of all Makes

taste better, set better, are  
better when served with

# Karo

The most healthful and nutritious  
syrup for every use, from griddle  
cakes to candy.

A book of recipes for cooking and  
candy-making sent free on request.

All Grocers, 10c, 25c, 50c  
CORN PRODUCTS REFINING COMPANY,  
New York

noon to do some surveying on the First  
Addition to the town of Deerwood.

A. D. Polk, a prominent attorney of  
Brainerd, was a Sunday afternoon vis-  
itor at Deerwood.

P. A. Donovan, of Hibbing, was in  
the city Thursday and Friday of last  
week on business.

Rev. A. L. Richardson, pastor of  
the M. E. church at Aitkin, will hold  
the services at Deerwood and Bay Lake  
circuit Sunday, August 1st.

Mrs. E. S. Farrell, Miss Farrell,  
Mrs. E. E. Crane and son and Miss  
Grace Colman, of Duluth, are at the  
Whitton home on Serpent lake for a  
few weeks.

Miss Mattie Gordon, of Duluth, has  
been enjoying the lake breezes at Deer-  
wood the past week.

A very pleasant party was given at  
the Adams Tuesday night in honor of  
the fifteenth birthday of Master Earl  
Gialdin. A very amusing masquerade  
was a feature of the occasion, all the  
boys appearing in girl's clothes and all  
the girls in boys' clothes. The awk-  
wardness of the guests caused much  
fun. The grounds were handsomely  
decorated with Japanese lanterns, ban-  
ners, etc., and light refreshments, con-  
sisting of ice cream, cake, etc., were  
served. A very pleasant time is re-  
ported.

Mr. and Mrs. Dahl, and daughter, of  
Madison, Wis., are located at the Mil-  
ler cottage on Serpent lake for the  
next six weeks. Mr. Dahl is state  
treasurer of Wisconsin and Mrs. Dahl  
is a sister of Judge Vinje, of Superior,  
who owns and occupies a cottage on  
Serpent lake.

Miss Susie Williams, of Stevens Point,  
Wis., came up Saturday to spend a  
week at the home of her brother, M.  
E. Wilson.

A merry party of eighteen went to  
Nichols, on Mille Lacs, last Sunday,  
driving from Deerwood with a four-  
horse team. Prof. P. V. Malm came  
from Brainerd Sunday morning to join  
the party and Gust Oberg came from  
McGregor Saturday night for the same  
purpose. The entire party report a  
most enjoyable time.

E. Masson left Wednesday night for  
St. Anne, Ill., to bring home his family,  
who have been visiting there the past  
two months. Ed. Youngberg is sup-

plying at the depot during his absence.  
Mr. Masson and family will reside in  
the new fine house just completed by  
Mr. Yargis.

Miss Selma Gustafson, of Duluth, is  
spending a week with Miss Vergie  
Blackwood.

Mr. and Mrs. Kern, who have been  
residing in the Harry Patterson cot-  
tage for some months have left for  
Nashua, Minn., where they will go onto  
a farm.

Charles Hanson and family, who went  
to Superior last week to stay for three  
months have returned to Deerwood and  
rented John Swanson's house. Mr.  
Hanson says Deerwood is good enough  
for him.

Miss Hilda Munson and Hilda Howe,  
who have been visiting at the home of  
their uncle, L. H. Howe, returned  
Thursday to their home in St. James.  
They have been visiting in Deerwood  
for about a week.

Misses Maud and Lillian Hage went  
to Brainerd Thursday to visit Miss Ruth  
Moody and take in the carnival.

The one-year-old child of Anton Tor-  
geson was almost fatally scalded Tues-  
day noon by pulling a coffee pot full of  
hot coffee over onto itself. Dr. Sewall  
was called and dressed the burns and  
there now some hope of its recovery.

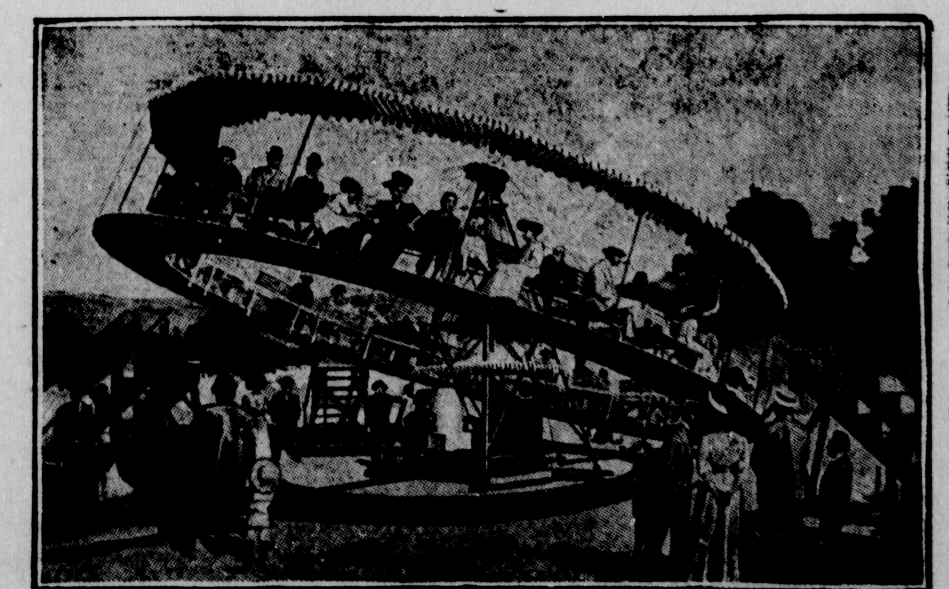

## To Be a Lady.

A prize offered by the Gentlewoman,  
London, for the best definition of a  
lady was won by the following effort:  
"To be a lady means, rightly, to be a  
gentlewoman who shows by her every  
word and action a sweet and gentle  
dignity, with a gracious charm of man-  
ner—a woman whose heart is pure  
and true, who is tender toward all  
suffering, who sympathizes with those  
in trouble and is ever ready to give  
that which costs her some effort and  
self denial. A lady thinks no work  
derogatory, and no one is deemed too  
low to receive courtesy and kindness.  
She is pure and good in every detail  
of life, a true friend and a "minister-  
ing angel" in sorrow and in sickness."

We are so certain that  
Itching, Bleeding and  
Protruding Piles can al-  
ways be relieved and ab-  
solutely cured by this  
ointment that we positively guarantee sat-  
isfaction or money refunded.  
Dr. A. W. Chase's

## WONDERS IN LIGHTING

Great Display Planned For Hudson-Fulton Celebration.

### RIVER OF FIRE, CITY OF LIGHT

New York to Be Most Brilliantly Illuminated City in World's History. Signal Fires Will Blaze on Mountain Tops From the Metropolis to Troy.

All of Greater New York will be the Great White Way from Sept. 25 until Oct. 9, the period set apart for the Hudson-Fulton celebration, when the three hundredth anniversary of the discovery of the Hudson river and the one hundredth anniversary of the successful application of steam to navigation by Robert Fulton are to be observed in New York city. Electric lights, with a grand total of 22,260,000 candle power, are to blaze all the way from the town hall in Flushing, N. Y., to the city hall in New York.

The plans for this great flood of light have been arranged by the illumination committee, of which William Berri is chairman. On the last night of the celebration the 170 miles from New York to Troy will be illuminated with huge signal fires, blazing from every mountain top.

This public arrangement does not take into account the large private contracts made by enterprising firms for additional illumination. The aggregation of public lighting and private advertising will make New York for the eight days the most brilliantly lighted city in the world's history.

**Grand Electrical Display.** Incandescent bulbs will have first place in the scheme. Of these 1,500,000 will be used by the committee. Seven thousand are lights and 3,000 flare arcs will supplement their little golden brothers. The rest of the light family will include a battery of four searchlights of 100,000 candle power apiece and twelve searchlights aggregating 1,700,000 candle power. All of this electrical grandeur will flash into use at the same moment.

In addition, the New Jersey shore

and other places near the city limits will take part in the illumination. A battery of searchlights will be placed at Riverside drive and One Hundred and Tenth street, making the Hudson river for miles as bright as day. A single beam from this battery may be seen for fifty miles. Another battery will be at Grant's tomb.

All the bridges over the East river will afford the opportunity for such brilliant electrical displays as will make the spans seem to be enlarged copies of a queen's diamond necklace. Brooklyn, Queens, Richmond and the Bronx will come in for bright displays at every possible point of vantage.

Steamship men and property owners have agreed to make a brilliant spectacle along the water front. Thirty or forty men-of-war from the American and foreign navies will be anchored off One Hundred and Tenth street, and there will be fireworks on Sept. 25 for the visiting ships. On the evening of Oct. 9 signal fires will be lighted at Governors island, Fort Lee, Fort Washington, Spuyten Duyvil, Alplina, Hastings Point, Staten Island, Hook mountain, High Tor, Stony Point, Dunderburg, Anthony's Nose, Sugar Loaf hill, West Point, Constitution island, Storm King, Bull hill and Crow's Nest.

**To Burn Thirty Feet High.** These fires will be lighted at the telegraphic signal of President Taft and will be so constructed as to burn thirty feet high and last for four hours. From Newburg to Albany similar fires will start on the same signal.

The places and the number of lights selected for the five boroughs of Greater New York are: Queensboro bridge, 14,000; Brooklyn bridge, 13,000; Williamsburg bridge, 11,000; Manhattan bridge, 11,200; New York city hall, 3,500; Brooklyn borough hall, 3,600; Queens borough hall, 1,200; Bronx borough hall, 2,500; Richmond borough hall, 2,640; Grant's tomb, searchlights, 4; Soldiers and Sailors' monument, Manhattan, 1,500; Brooklyn Institute of Arts and Sciences, 7,200; Soldiers and Sailors' monument, Brooklyn, 1,500; water tower, 650; Washington arch, 1,500; Riverside drive viaduct, 5,062; Manhattan line of parade, 25,500; Jamaica town hall, 900; Flushing town hall, 900.

## TARIFF BILL IS NOW COMPLETE

Republican Conferees Suddenly Wind Up Their Labors.

### WILL CALL IN DEMOCRATS

Conference Report Will Probably Be Presented to the House Friday and May Be Taken Up and Printed on Saturday—Senate Likely to Take Up the Agreement Monday and the Bill Disposed of Next Week.

Washington, July 29.—After working for nearly three weeks at what proved to be one of the longest and most arduous tasks ever experienced in tariff building the majority members of the conference committee on the Payne-Aldrich bill brought their labors to a sudden close.

Without a moment's delay the senate and house leaders whose names are carried by the bill started away by automobile with the intention of laying their report before President Taft, who had gone to Fort Myer to see what had been intended to be the last official flight of the Wright brothers in their aeroplane.

All day long the conferees had struggled with the question of bringing down the house rates on gloves and the senate rates on lumber to figures they felt would meet with executive approval. In this effort the conferees failed and they appeared to appreciate the fact.

Lumber was made dutiable at rates only a little below those named by the senate bill and there was a very slight shading from the house rates on gloves of good quality. Although it was not admitted by the conferees the general impression drawn from the

#### Hurried Trip to Fort Myer

was that Messrs. Aldrich and Payne had been authorized by their colleagues to incorporate in the conference report such figures as could be agreed upon with the president in so far as they came within range of what the leaders believe will be acceptable in the house and senate.

Returning from the conference at Fort Myer Messrs. Aldrich and Payne seemed to be entirely satisfied with the outcome of their mission, although neither would discuss the conclusions that were reached.

It was announced officially that the Democratic members of the conference committee would be called into session at once. It was said also that the conference report would be presented to the house probably at noon Friday.

In view of President Taft's utterances senate and house leaders are predicting that the conference rates on gloves and lumber would not prove satisfactory to him. At the same time it was recognized that conditions were such that unless compromises were made by the conferees it would be many days before a report could be made. It required a roll call to fix the rates on lumber, which are as follows:

**Conference Rates on Lumber.**  
Lumber, rough, \$1.40 a thousand feet. The house rate was \$1 and the senate rate \$1.50. The senate differentials were adopted, making lumber, planed on one side, dutiable at \$1.90; two sides, \$2.15; three sides, \$2.52½, and four sides, \$2.90.

The senate rates on lath and shingles, which were higher than the house rates, also were adopted.

Gloves were made dutiable at rates considerably in advance of the duties fixed by the senate bill, which for the most part were the same as the Dingley rates. The conference rates are as follows:

Women's and children's gloves, valued at not more than \$4 a dozen, \$2.50 a dozen; valued at more than \$4, but not more than \$12 a dozen, \$4 a dozen; valued at more than \$12 a dozen, 35 per cent ad valorem. The Schmaschen glove of sheep origin, which is the cheapest skin glove manufactured, was made dutiable at \$1 a dozen. This is a heavy reduction from the house rates, which made all gloves dutiable at \$4 a dozen, and is even less than the senate rate of \$1.25 and the Dingley rate of \$1.75 per dozen.

#### Glove Schedule Cut in Half.

The conferees adopted an amendment which cuts in half the cumulative duties of 40 cents a dozen pairs provided by the Dingley laws for gloves of certain stitching or when lined or finished in a manner adding to the ordinary value.

Senators Elkins and Scott of West Virginia and Clark of Wyoming endeavored to get the conferees to make the rate of 45 cents a ton on coal apply to the short ton, which, it is said, would make a difference of about 5 cents a ton and operate to advance the rate to the equivalent of 50 cents. In support of the suggested change it was argued that Canada's duty on coal applies to the short ton. The senators interested in getting all the protection possible for coal were not successful in their mission.

Just before the close of the session the print paper schedule was reopened and the rate fixed at \$3.75 a ton. This is only 25 cents less than the senate rate and \$1.75 more than

the house rate. It is expected this rate will raise the ire of the members of the special committee of the house which investigated the wood pulp and paper question, especially as the chairman, Representative Mann (Ill.), has announced that he would

#### Not Vote for the Report.

unless the \$2 rate was retained. The conference rate is \$2.25 a ton less than the existing rate.

In winding up the work of the majority of the conference committee, preliminary to submitting the result to the Democrats for their stamp of approval or disapproval, the Republican members did not reopen the question of hides and leather, oil, coal or iron ore, which subjects were closed previously.

There was some discussion, however, of the iron ore question. Senator Burrows made an effort to get the rate fixed at 20 cents instead of 15 cents a ton. Hides were left on the free list, contingent upon the adoption of the rule in the house making legal the action of the conferees in going below the house rates in fixing the rates on leather.

If the report is laid before the house on Friday, according to the present programme, it will be printed and taken up on Saturday. It is not believed that the house will discuss it more than one day. If this estimate of time proves correct the senate may begin with the report on Monday. It is believed that it can be disposed of next week.

### STATE DRAINAGE QUESTION

Minnesota Supreme Court to Pass Upon Appropriation.

St. Paul, July 29.—The question of the legality of the appropriations for state drainage will be submitted to the state supreme court as soon as the fall term opens and a test is made to see whether Attorney General Simpson is right in his opinion that state aid for the improvement of water courses and the drainage of private lands is illegal. The county attorney of Redwood county will start the test case and a judicial short cut will be used so that it will be brought to the supreme court immediately.

The attorney general ruled that of the annual appropriation of \$100,000, made for drainage, the \$25,000 set aside for the improvement of water courses and drains other than those upon state land and the \$25,000 for the Whetstone river canal were illegal. The \$12,500 set aside for a survey of watersheds and the \$2,500 for the drainage of lands owned by the state he held to be legal.

### THE HALF MOON.

Duplicate of Henry Hudson's Craft Sent From Holland on a Freighter.

The Half Moon, a near reproduction of Henry Hudson's queer ocean going craft, which recently arrived at New York on the Holland-America freighter Soestdyk, was sent by the people of Holland as a token of good fellowship to take part in the Hudson-Fulton celebration commemorating the discovery of the Hudson river and Robert Fulton's epoch making trip in the first steamboat.

The Half Moon is built of heavy oak timber with the high poop and long nosed prow now seen only in prints of Dutch and Spanish galleons. She is of eighty tons displacement, 63 feet long, 18 feet beam and draws 7½ feet of water. Her crew consists of twenty men. The vessel is rigged with hand woven sails, will carry hand worked flags and is antique enough in her fittings to confuse the best seaman afloat.

On deck there is a carved figurehead to which ropes can be fastened. Roughly carved heads ornament the woodwork, and a wooden pump lends an ancient air to the ship. Forward is a raised deck, and in front of that the prison, whose inmates were drenched every time the prow dipped under water. Two cannons are mounted amidships on the 'tween decks, whose ceiling is so low that one has to bend nearly double to get along, and port-holes on either side allow these weapons to be used.

A library, or, rather, a bookshelf, has been fitted up. It contains the books which Hudson took with him—a Bible, a prayer book and books of voyages. A chart is spread out on the cabin tables, and near at hand are compass and measuring instruments, sandglass and the rough nautical instruments of the time. A gun or two in a rack and a pile of shot and bags of powder are shown, together with a copy of the supposed contract which Hudson had with the Dutch East India company, the original being lost.

The old Dutch East India company, which had its chief office in Amsterdam, caused all its vessels to be marked with the initial letter of the port from which they sailed, and on the stern of the duplicate of the Half Moon the letter "A" indicates this custom. Other signs painted on the vessel include a starry heaven, with comet, planet and a half moon. Below this is the name on a scroll in Dutch, "De Halve Maen," while underneath are the arms of Amsterdam and of the company.

Lieutenant Lam, who will play the part of Hendrik Hudson on the Half Moon, will be clad in the style of captains of such vessels in the beginning of the seventeenth century, and the men under him will be dressed in the fashion in vogue in Holland at that period.

**Huge Asphaltum Discovery.** Immense quantities of asphaltum have been found on the Shoshone Indian reservation, and a stampede from Lander, Wyo., to stake out claims and secure land from the Indian department is taking place.

## SPAIN UNDER MARTIAL LAW

King Alfonso Suspends Constitutional Guarantees.

### REBELS ERECT BARRICADES

Artillery Employed in the Streets of Barcelona and Defenses of the Revolutionists Raked With Shot—Orders Given to Provincial Governors to Crush the Revolt at Any Cost and Without Pity.

Madrid, July 29.—The revolution in Catalonia has reached a serious stage. There is much bloodshed and artillery has been employed in the streets of Barcelona to quell the outbreaks. The city is terror stricken. The revolutionists are reported to be fighting desperately behind barricades. The troops include mounted artillery and the defenses of the rebels have been raked with shot.

King Alfonso hastened back to Madrid from Sebastian and at once issued a decree proclaiming martial law and the suspension of constitutional guarantees throughout Spain. Orders have been given to the governors of the provinces to crush the revolution at any cost, without hesitation and without pity.

The king reached here in time to learn that part of his army at Melilla had had a bloody battle with the Moors, which, though the final victory was won by the Spaniards, cost the lives of twenty-one officers and a total of 200 Spaniards killed or wounded.

#### Censorship Very Rigid.

An exact estimate of the dead and wounded in the clashes between the troops and rebels in Catalonia is impossible, owing to the rigid censorship, which prevents the sending of private dispatches, and the government has not fixed a total. The government admits, however, that rioters have been killed and wounded in several cities and towns, including Barcelona, Alcoy and Calahorra. Details of the latest disturbances at other points are either meager or lacking altogether. There has been rioting at Saragossa, Vendrell, Rioja, Port Bou and Llanos and a general strike was declared at Biscaya. At these places there has been much destruction of property.

The center of the rebellion is Barcelona, to which city the government is rushing extra troops.

The greatest inquietude reigns in Madrid. King Alfonso was closeted with Premier Maura and an official note was issued saying that the situation was exceedingly grave and that the rebellion must be repressed with an iron hand, as the Catalonians were struggling to engulf all Spain in a revolution.

#### Cruisers Ordered to Barcelona.

El Ferrol, Spain, July 29.—The armored cruisers Emperor Carlos V. and Princesa de Asturias and three destroyers have been ordered to Barcelona.

### MINE IS WORTH MILLIONS

State of Minnesota to Receive Immense Sum in Royalties.

Duluth, July 29.—The state of Minnesota has struck it rich at the Scranton location on the outskirts of Hibbing.

The property is controlled by Pickands, Mather & Co. and they have just awarded a contract for sinking a concrete working shaft. This mine will not only be the biggest the state owns, but it will be the biggest underground mine on the Mesabian range.

Twenty-five million tons of ore have been shown up by drills and the state will pull down 25 cents a ton royalty. The state will receive more than \$8,000,000.

### GREAT RUSH OF APPLICANTS

Heavy Filings for Land in Western Reservations.

Spokane, Wash., July 29.—So great is the rush of applicants for Indian reservation lands to be drawn that department officials have placed an order for 50,000 more registration blanks.

With little more than half the time for registration passed Superintendent Witten has received 148,955 applications. It is figured that there are about 6,400 homesteads available on the Kalispell, Spokane and Coeur d'Alene reserves.

#### Virginia Republicans Meet.

Newport News, Va., July 29.—Tariff speeches by Congressmen Slemo of Virginia and McKinley of Illinois and a talk on immigration by Assistant Secretary of Commerce and Labor McHarg divided interest at the first day's session of the Virginia Republican convention with its gubernatorial contest and differences over state issues, foremost of which is statewide prohibition.

#### Bad Fire in Wisconsin Town.

Janesville, Wis., July 29.—Fire destroyed a considerable portion of the business quarter of Darien, Wis. Among the buildings burned were the town hall, a large store and the plant of the Woodford Implement company. The total loss is \$30,000.

**New Minnesota Supreme Judge.**  
St. Paul, July 29.—T. D. O'Brien has been officially named a member of the state supreme court by Governor Johnson. Mr. O'Brien received his commission in person. The appointment becomes effective Sept. 1, the date of Judge C. B. Elliott's resignation.

#### Fastidious.

"What do you want?" asked the lady of the house of the tramp.

"Sutlin ter eat."

"I haven't anything in the house except some bread and canned beef. Do you want some of that?"

"No," he said sadly. "I'd better move on. It 'ud be a pity ter waste such a fine appetite on sech poor victuals."—Exchange.

### A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them Remedies of Known Composition.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the strictest scrutiny. Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native medicinal roots of great value, also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.
